

Shri Ram Chandra Mission

Shri Ram Chandra Mission (SRCM) is a non-profit, educational and spiritual service organisation dedicated to promoting universal love and brotherhood. SRCM works for human evolution and integration, based on the principle that only individual transformation leads to worldwide social transformation, thus creating, an eternally peaceful human society founded upon love and harmony.

SRCM lays great importance on nurturing the youth recognising that only by supporting this generation with moral, ethical and spiritual values can the world harbour hopes of a brighter future.

SRCM and United Nations Department of Public Information

The objectives and activities of Shri Ram Chandra Mission are naturally aligned to those of the United Nations. This makes a working relationship between the two organisations a key contributor towards the goal of creating a harmonious and peaceful human society. As an NGO that works actively for the good of mankind and supports the principles outlined in the UN charter, SRCM is one of approximately 1600 NGOs worldwide that are associated with the UNDP.

The All-India Essay Writing Event is the flagship event of the partnership between SRCM and the United Nations Information Centre for India and Bhutan, UNIC, the representative body of the UN in India.

An Invitation to the Youth

Every year through the All-India Essay Writing Event SRCM attempts to reach out to the youth, with the sure knowledge that the future rests on their shoulders.

Youth is a period of immense promise, provided it is backed by commensurate effort. It is a time pregnant with opportunities, yet it is possible for young people to struggle without the guidance of sound values.

While the academic system is doing an excellent job in preparing young minds for challenging futures in an increasingly competitive world, there is a pressing need for the youth to equip themselves with moral and spiritual values.

Through this initiative we seek to encourage and support the need for character formation and balanced existence to go hand in hand with education and career orientation. This is the only way to ensure that tomorrow's world will be led by capable and balanced individuals.

We invite you to participate in this unique opportunity; to think deeply and express your ideas on a subject that does not often receive the attention due to it.
